## **9/11 Truth Double Bill!**

### **ZERO: An Investigation into 9/11**

(An Italian production, in English, no sub-titles, Runtime: 100 min.)

**Show Time: 7:00 p.m.**

ZERO: An Investigation into 9/11, has got to be one of the best films produced on 9/11 so far. It has one central thesis – that the official version of events surrounding the attacks on 9/11/01 cannot be true. This brand new feature documentary from Italian production company Telemaco explores the latest scientific evidence and reveals dramatic new witness testimony, which directly conflicts with the US government's account.

Featuring presentations from intellectual heavy-weight, Gore Vidal, Nobel Prize winner Dario Fo, whistleblowers Sibel Edmonds, Coleen Rowley and J. Michael Springmann, the film challenges assumptions surrounding the attacks.

The importance of this film cannot be overstated. If its thesis is correct, the justification for declaring the war on terror is built on a series of outrageous lies.

### **Loose Change – Final Cut**

The third film in a series by Dylan Avery, Jason Bermas and Korey Rowe  
(A Louder Than Words production, USA, Runtime: 128 minutes)

**Show Time: 9:00 p.m.**

**What If ... We have not been told the truth regarding the attacks of September 11, 2001?**  
Using witness testimony, expert analysis, news footage and corroborating evidence, Loose Change – Final Cut is the most explosive and significant film of the decade.

Starring George W. Bush, Condoleezza Rice, Dick Cheney, Donald Rumsfeld and contributors from Fox News, ABC, CBS, NBC, BBC, firefighters, first responders and 9/11 victims, the film exposes the inconsistencies and falsehoods put forward by the Bush administration in the hours, days and weeks after 9/11. Were 19 Islamic terrorists the sole perpetrators of 9/11, the crime of the century? Or has the world been deceived? Watch this film and make up your own mind.

"Loose Change is a ... blizzard of statistics, photographs, documents, eyewitness accounts and expert testimony set to a trippy hip-hop back beat." – *TIME Magazine*
